

## Questions & Answers for The Newton Initiative, LLC

Q: Why should I buy gold coins?

A: Unlike paper currency, gold has maintained its value in times of economic or political uncertainty. By purchasing gold you minimize your financial risk by owning “real money” that is stable and accepted around the world.

Q. Why should I buy gold coins from The Newton Initiative, LLC?

A: We offer attractive prices vs. the market value and we do not require a minimum number of coins be purchased to participate in this program.

Q: Where do these coins come from?

A: The coins featured in this program are from the US Mint, Britain, France and Switzerland.

Q: Why are you selling foreign coins?

A: We choose coins that are among the most reliable and easily traded. And because these coins were minted before 1933, they are not subject to confiscation by the U.S. Government.

Q: Do you offer a buy-back program for coins purchased through The Newton Initiative, LLC?

A: Yes. We do offer such a service although we encourage people to hold on to their assets. Please contact The Newton Initiative for more details.
